

IMPLEMENTING YOUR HAZARD MITIGATION PLAN

CAN PEMA AND FEMA SAVE US MONEY??

- FEMA Grant Programs designed to reduce hazards.
 - REDUCED Flood Insurance!!!

BRIC Funding was used to install this generator at
East Stroudsburg University

Community Rating System (CRS)

This program offers reduced flood insurance premiums for municipalities that exceed floodplain management practices found in the NFIP.

Building Resilient Infrastructure and Communities (BRIC) Grant Program

Provides 75% support to local municipalities as they initiate projects that reduce the risks associated with hazards.

Flood Mitigation Assistance (FMA) Grant Program

Provides 75% federal cost share for flood mitigation projects identified in the County Hazard Mitigation Plan.

PEMA and FEMA
will join us to discuss
cost saving benefits!

This training session will be held
via a Zoom webinar
Monday August 2, 2021 from 12:00 - 1:15
Please RSVP to Jessica Cohick by
email: jcohick@ccpa.net or phone (717)240-5362.
We will send you a zoom meeting link
prior to the event.
