## County Prison Visitation Temporarily Suspended Due to Positive COVID Cases

**Carlisle, PA** – Beginning today, inmate visitation and activities are temporarily suspended at the Cumberland County Prison in an abundance of caution due to positive COVID-19 cases. The inmates who tested positive and those who were in proximity have been moved out of general population and into separate cell blocks to quarantine for 10-14 days.

Inmate video visitation is available for family and friends. Professional visits with attorneys and parole officers are allowed; but will be conducted through secure visitation, and visitation from service providers will be paused. Work release will continue for vaccinated inmates involved in the program. Work release inmates are monitored for symptoms and tested accordingly.

The prison will continue to be cleaned and sanitized as it has been through the pandemic.
