Cumberland County Inmate Dies at Area Hospital After Medical Event

The name of the inmate is being withheld until the family has been notified.

Carlisle, PA – A 27-year-old male inmate was pronounced dead at an area hospital on Friday, May 19 at 11:04 p.m., after a medical event at the Cumberland County Prison on Thursday night.

The prison and medical staff immediately revived the inmate, evaluated, and treated him in the medical unit, and then transported him to the hospital.

The name of the inmate is being withheld until the family has been notified. An autopsy is scheduled for Tuesday morning.

No further information is available.
