Cumberland County Wants Your Feedback on Land Partnerships Plan

Residents and stakeholders are encouraged to review the Plan & provide written comment by Friday, Sept 5, 2025.

Carlisle, PA – Cumberland County is asking for public input on the 2025 Land Partnerships Plan, a countywide strategy addressing farmland preservation, natural resource protection and parks, trails, and greenways.

The Land Partnerships Plan helps guide the county in achieving a healthy balance between preservation and development. It outlines key natural, recreational and agricultural assets across the county and recommends strategies to protect and enhance resources for current and future generations.

The Plan seeks to encourage action in the community and facilitate partnerships among federal, state, county, and local governments, non-profit organizations, businesses, and landowners. Through these partnerships Cumberland County aims to implement the Plan's goals and actions to achieve long-term success.

Originally adopted in 2006 and updated in 2013, the latest version of the Plan was funded in part by a grant from the Pennsylvania Department of Conservation and Natural Resources.

Residents and stakeholders are encouraged to review the Plan at cumberlandcountypa.gov/5098 and provide written comment by Friday, Sept 5, 2025.

If you have questions or comments contact Stephanie Williams, Planning Department, at 717.240.5383 or sjwilliams@cumberlandcountypa.gov.
