Enterprise Funds

Description of Funds

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the County is that the costs (expenses, including depreciation) of providing services to the general public on a continuing basis be financed or recovered primarily through user charges or cost reimbursement plans.

- The County Nursing Home provides long-term nursing care to qualified residents.
- The 911 Fund provides emergency response communications services to the County, funded through a telephone charge to County residents.
- The Hazardous Materials Fund finances the monitoring of the storage of hazardous materials in the County and the operation of response teams, funded through grants and fees charged to responsible parties.

Internal Service Funds

Description of Funds

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the County, or to other governments, on a cost reimbursement basis.

- The Cumberland County Municipal Authority, a component unit, owns and leases real estate to various County departments.
- The Transportation Department primarily provides transportation services to clients of various County agencies and is reimbursed by those agencies for the services provided. It also provides transportation to its own clients, financed by user fees and grants.
- The Workers' Compensation Fund accounts for the County's risk management activities related to liabilities incurred as a result of workplace injuries.

Fiduciary Funds

Description of Funds

Trust and agency funds are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governments, or other funds. These include pension trust and agency funds. Pension trust funds are accounted for in essentially the same manner as proprietary funds because capital maintenance is critical. Agency funds are custodial in nature and do not involve measurement of results of operations.

- The Employees Retirement Trust Fund is a pension trust fund used to account for the retirement contributions of the County and its employees.
- The agency funds collect fees, fines, taxes, and grants for distribution to other governmental units and citizens for whom they were collected:

General Fixed Assets Account Group

Description of the Account Group

Fixed assets used in governmental fund type operations are accounted for in the General Fixed Assets Account Group rather than in governmental funds. Infrastructure, or public domain general fixed assets, consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, and lighting systems, are not capitalized with other general fixed assets. Depreciation is provided on exhaustible general fixed assets using the straight-line method over the estimated useful life of the asset.
